- 7) User also has the possibility to access to Googles prime objective by clicking in the top left corner, or go to their store.
- 8) By clicking on one of the links from the footer, the user may get additional information about google.

Task Four

Youtube

I believe their prime objective is to allow people to broadcast their experiences, what they can do, what they know, among other things. It is also to allow people to be spectators of what others share and to express opinions about it.
